Hwang Inkwan

Pohang, South Korea
ikhwang@postech.ac.kr linkedin.com/in/ikhwang

Research Interest

Efficient ML Quantized training, Optimization

Education

POSTECH **Pohang, South Korea**
B.S. in Computer Science and Engineering, 3.87/4.30 GPA *Feb 2021 – Present*
- Expect to graduate in Feb 2025

Incheon Science High School **Incheon, South Korea**
Completed in 4 semesters *Mar 2019 – Feb 2021*

Research/Work Experience

Samsung Electronics **Hwasung, South Korea**
Research Intern, Advised by Ph.D. Youngjoo Seo *July 2022 – Aug 2022*
- Implemented quantization codes for the machine learning defense code of SSD
- Participated in Samsung Talented Internship Program (STIP)

Efficient Computing Lab, POSTECH **Pohang, South Korea**
Intern, Advised by Prof. Eunhyeok Park *Jan 2023 – Feb 2023*
- Read papers about position-based quantization

Efficient Learning Lab, POSTECH **Pohang, South Korea**
Intern, Advised by Prof. Jaeho Lee *Nov 2023 – Present*
- Read papers about position-based quantization

Honors and Awards

Global Leadership Program **POSTECH**
***5th Place**, out of 78 students in Computer Science and Engineering* *Aug 2022*
POSTECH-KAIST Science War: Sicence Quiz (Computer Science) **POSTECH**
***2nd Place**, School representative in university rivalry* *July 2023*

Extracurricular Activities

Research and Education (R&E) Program **한국과학창의재단**
Group research program for juniors *Mar 2019 – Dec 2019*
- Learned basic topology concept and researched on braid group to analysis impossible braid puzzle
- Won Encouragement Award

POSTECH Artificial Intelligence Society **POSTECH**
AI paper reading club in three fields: ML, CV and NLP *July 2023 – Present*
- Founding member, ML team

POSTECH Computing Algorithm Team **POSTECH**
Problem solving and AI competition club *Nov 2023 – Present*
- Studying reinforce learning with the aim of AI Starcraft2 competition on KAIST-POSTECH Science War

Technical Skills

Languages: Korean (native), English
Programming skills: C/C++ , Python , Verilog
